

WebApps y portabilidad

Tecnologías y Aplicaciones Web

Gabriel Vidal Salazar

¿Y eso es todo?

Four key technologies of a PWA

The progressive web app can differ from a traditional web app in a variety of ways, but here are four technologies that set it apart:

APPLICATION SHELL ARCHITECTURE

Fast loading time

TRANSPORT LAYER SECURITY (TLS)

Privacy and data
integrity

SERVICE WORKER

Offline support

WEB APP MANIFEST FILE

Home screen
access

¿Y en el escritorio?

¿Y JS en el teléfono?
